

ALLERGEN MENU

Please note that menu descriptors do not include all ingredients or allergens within each dish. Please always ensure to check the allergen menu each time you dine with us as ingredients may change from time to time.

Our suppliers and kitchens handle numerous food and drinks containing allergens. Whilst we make every effort to ensure that your food is suitable for you, unfortunately it is not possible for us to guarantee that our dishes will be 100% free from the allergen or contamination, and this includes whilst in transit from our restaurant.

In accordance with EU Food Information Regulations, Cashew Nuts, Almonds, Hazelnuts, Walnuts, Brazil Nuts, Pistachio Nuts, Macadamia Nuts and Pecan Nuts are highlighted in our 'Nuts' column. Peanuts are highlighted in a separate column. They do not include: Pine Nuts (Pine Seeds), Chestnuts and Coconut.

Items marked "may contain" may be exposed to allergens through our cooking methods or supplier manufacturing processes. Foods cooked in our fryers may contain traces of allergens due to shared cooking oil.
